

Photo Adventure 2024

Ziesel

Ziesel

Experience an unforgettable photo adventure in the beautiful surroundings and in the centre of Vienna. Before we start, learn to understand the Ziesel patiently before you take breathtaking photos and have fun with these sugary creatures.

Procedure

Once Ziesel always Ziesel!!!

The encounter with the Ziesel is wildlife and something unique beautiful. We get very close to you and thus have the opportunity to take really unique good photos or to enjoy the time and carry it forever in your heart.

Benefits

- Pick-up and transfer from the meeting point & back
- Practical tips and suggestions
- view & discuss pictures in between

Of course, I do not photograph myself, but I am exclusively there for you and can help you individually with the design or even special settings. For a great photo we sometimes need some patience with these cute rodents, but also a little luck.

Dates

- 02. 05. 2024
- 03. 05. 2024
- 04. 05. 2024
- 05. 05. 2024
- 06. 05. 2024
- 07. 05. 2024
- 08. 05. 2024
- 09. 05. 2024

Participants

2-4 Person

If the number of participants is not reached, the organiser may withdraw from the contract up to 30 days before the start of the trip.

On request I also travel with a photographer alone however for the price of 2 persons.

Workshop

Arrival/ 8.00am at the meeting point

The journey to Vienna takes place independently. Meeting point and ride together to the Zieseln. I'll pick you up, depending on whether you're at the airport or an accommodation! My recommendation is Wien Floridsdorf for an accommodation.

Drive to the Ziesel

On the ride we get to know each other, there is a small introduction to the procedure and behaviour towards these cute rodents. Everyone will find their own place or we will switch places in between.

Lunch break 12:00 o'clock

We will go to a beach nearby where Ziesel can also be met. There you can rest, swim or take other photos with the Ziesel and their first babies.

Afternoon 3.00-4.00pm

If desired, I will take a souvenir photo, but contact me in time. Phone photos or a small video are not a problem.

Ride to the hamsters 4.00pm (on request)

Hamster - Adventure 5.00-7.00pm

Now we have the opportunity to photograph the small hamsters. We're going to have unbelievable things before dawn. They are nocturnal animals, but also fox and owl appear sometimes. It is important to note that we left the place at 19:00. The decision whether we go to a place where many hamsters are to be seen or more familiar hamsters (who like to steal something), we meet together in the car.

Photo experience

I try to make photographic opportunities possible, and the welfare of the animals is the most important thing. Therefore, we ourselves collect utensils for photos in nature, so I can not give for special wishes of flowers or plants. Bringing food must be avoided! Ziesel are adapted to dry food such as seeds, grasses, herbs or roots and this is distributed by me for use. Bringing flowers or plants should also be avoided due to possible spraying of insecticides.

Lists of materials

- Camera with lenses, also wide angle is possible, from 70 to 600mm depending on wishes
- Miniature on your own request
- enough batteries, memory cards
- weatherproof windproof clothing, not in bright bright colours, which may become dirty
- Sun protection, especially for the head
- Insulating mat or ceiling, as we photograph close to the ground
- small utensils without risk of injury to the animals

For exact ideas please discuss with me in advance.

Photographer

My name is Ina Schieferdecker, 51 years old and I have been photographing Ziesel & Hamster wildlife since 2018. Since then I visit them regularly and am familiar with the behaviour or dangers from the environment. Let yourself be enchanted!

If you are interested, please contact me personally and I can answer all open questions quickly!
